

# Hope Christian Academy Update

## May 29, 2019

**Congratulations!** The last week of the school year is here! We've been encouraging students to finish the race strong. Here are a couple of important things to look forward to this final week!

Friday night will be the climactic academic event of the year—the **Graduation & Awards Program**. Every student will receive at least one award and a gift. Many will be recognized for their outstanding academic and character achievements. If students have (boys) a nice shirt and tie or (girls) a modest dress or skirt to wear, this would be the place to wear it. Otherwise nice dress pants and shirts will be fine. Students should be at the church by 6:45 to line up downstairs for the processional. Program starts at 7:00. Students must be at the program to receive awards. Cake and punch will be served after the ceremony. Families with small children may slip out if they wish during the hymn when we transition to the graduation portion of the program in the middle of the evening.

Enclosed is a brochure for the **HCA Summer Reading Program!** Reading over summer vacation will help keep reading skills growing. We want to encourage every student to participate.

The **bowling field trip to the Park Grove Bowl** this Thursday afternoon, May 30 does cost \$5. Students will earn the field trip by saying their weekly Bible memory. We'd like everyone to pay and bowl.

Students' **national achievement scores are included today**. The third sheet and gray bars on the first page represent the reasoning abilities of students which can be compared to their actual learning achievement in the different academic areas.

Next week we will mail home the **last progress report** of the year. Thank you for your trust in and involvement with Hope Christian Academy. **Spread the word about Christian Education at HCA**. With issues like violence, drugs, homosexuality, and transgenderism so blatant in many schools, a safe, Biblical, HCA education is becoming more and more attractive.

If you need to contact staff at HCA during the summer, someone will be in the office during most of June and August. Leave a message if no one answers or call Mr. Krussow's cell phone at 651-334-9343.

## Have a wonderful summer!
